With Much Appreciation to Carrie Chandler

Leaving Position as Serenity Ridge Registrar and Program Coordinator

With some sadness for us and happiness for her, we want to let you know that Carrie Chandler will be leaving Serenity Ridge at the end of October. She is newly engaged and will be moving to Northern California to join her partner there. Carrie began as an intern for Serenity Ridge retreat registration and program support in summer 2012 and later became registrar and program coordinator.

Carrie has brought much joyful effort to her position, and has made everyone feel welcome at Serenity Ridge. As she is bilingual in Spanish, Carrie was especially helpful to our Spanish-speaking sangha. We will greatly miss her joyful presence. With much appreciation for her attention to detail and the warmth and care she has offered to all, we send with her bountiful good wishes as she moves into the next phase of her life.

Carrie's departure has created a new internship position. [Please view the description in the article below](#)
